1 Microsoft Azure

Here is the text of your introduction.

1.1 Create free Azure account

- You can create one year free azure account by signing up to the following link:
<https://azure.microsoft.com/en-us/free/>
This will take credit card details. But don't worry! Your subscription will only become valid after confirmation.

1.2 Learn by Practice

- You can practice using hands-on lab. Microsoft has created hands-on labs which can be accessed following the link below:
<https://www.microsoft.com/handsonlabs>
- Sometimes we might have access to corporate Azure account, but we don't know how to practice. So, there is a site whose link is given below:
<https://azurecitadel.github.io/labs>
A number of things is available to give idea about what can be done with Azure.
- You can also learn using the link given below:
